How much is this upgrade?

There are 2 options, the upgrade is available on either a 4GB SD card or 8GB SD card.

4GB SD card option: \$149 RRP (free space available: 1.2GB) - Part No: P0102-0013

8GB SD card option: \$189 RRP (free space available: 5.2GB) - Part No: P0102-0014

How to check your current map version:

Step 1: in street navigation, select SETTINGS

Step 2: select ABOUT

Step 3: Select MAPS

Step 4: Under Australia, there will be a version number displayed (RXX, e.g R15)

If you device displays R16.1, you already have the latest where is maps loaded. If the version number is earlier than R16.1 (i.e 14 or 15.1), this update will update your maps to version 16.1.
